Hello Kathleen and team, and Happy New Year to everyone!

Thank you for doing this over the holidays. Attached are a few editorial comments in the main document. I didn't mark up the Supplemental, but I'll note that I remember one comment from somewhere to describe BaP as having five fused rings, and I didn't see the change made.

I'm adding Vicki to the chain, because I'd still like to get this into Redline by Wednesday so we can post on Jan 19. I'll call Jim Kim today to let him know that we'll resolve his concerns during the redline period.

Thanks again,
Vince

Subject: BaP: Final IAR and AR edits

Hi Vince, welcome back. Please see the attached edits from the BaP team and let us know if you have any suggested revisions and we will address them as soon as possible so we can get the courtesy redlines out. I have tried to flag the IAR and AR revisions by comment bubble.
